

ESTECO AND ILLY ARE PLEASED TO INVITE  
TEAMS OF STUDENTS TO TAKE PART IN THE FIRST

# ESTECO DESIGN COMPETITION

## THE COMPETITION

Challenge your engineering skills and design a system for the production of pressurized hot water for an illycaffè® espresso coffee machine.

Detailed competition information and general design characteristics are available at [www.esteco.com/corporate/illycompetition](http://www.esteco.com/corporate/illycompetition)

Use modeFRONTIER to optimize your innovative solution and reduce energy consumption. Make the coffee machine more sustainable!

The most successful entries should leverage advanced or novel applications and reflect the designer's creativity.

REGISTRATION DEADLINE 21/09/2014

**1st PRIZE**

**A weekend in Milan during EXPO 2015,  
one-year license of modeFRONTIER and an  
ILLY IPER ESPRESSO X7.1 coffee machine**

**ESTECO**  
ACADEMY

Since its foundation as a university spin-off, ESTECO has established a close relationship with the academic world: its optimization technology is widely employed for research projects conducted by prominent institutions. The optimization platform supports professors around the world in teaching students how to approach real-world, multidisciplinary engineering problems.
