GENERAL DESCRIPTION OF THE UNIVERSITY OF MARIBOR

Maribor, the seat of one of the four Slovene universities, was first mentioned in historical documents as a town in the early year 1257. The beginnings of higher education in Maribor are closely connected to Anton Martin Slomšek, the bishop of the Lavantian diocese in St. Andraž in Carinthia. The bishop moved the seat of the diocese to Maribor in 1859 and opened a new seminary and religious school in the city. This was the first institution of higher education in Maribor and a forerunner of the present day university.

The first institution of the present-day university (the Faculty of Theology does not form a part of the University of Maribor) was the School of Economics and Commerce, which was founded in 1959 and offered a two-year programme of study.

In 1961 the Association of Institutions of Higher Education in Maribor was formed. The organizational model of the Association and its relations with the faculties and its institutions was similar to the traditional model of university organization. After the individual schools developed into faculties, it was only a matter of time before the Association of Institutions of Higher Education became a university. The Assembly of the Socialist Republic of Slovenia confirmed the university status of the institutions of higher education in Maribor in 1975.

Over time these developed into the following faculties:

- **Faculty of Economics and Business**
- **Faculty of Electrical Engineering and Computer Science**
- **Faculty of Energy Technology**
- **Faculty of Civil Engineering**
- **Faculty of Chemistry and Chemical Engineering**
- **Faculty of Agriculture and Life Sciences**
- **Faculty of Logistics**
- **Faculty of Natural Sciences and Mathematics**
- **Faculty of Organizational Sciences**
- **Faculty of Mechanical Engineering**
- **Faculty of Criminal Justice and Security**
- **Faculty of Health Sciences**
- **Faculty of Arts**
- **Faculty of Medicine**
- **Faculty of Education**
- **Faculty of Law**
- ***Faculty of Tourism**
(new University of Maribor member doesn't enroll in study programmes yet).

Not all of the faculties are located in Maribor. The Faculty of Agriculture and Life Sciences is located in Hoče, the Faculty of Organizational Sciences is located in Kranj, the Faculty of Criminal Justice and Security in Ljubljana, the Faculty of Logistics in Celje and Krško, the Faculty of Energy Technology in Krško and Velenje and the Faculty of Tourism in Brežice. The rest of the faculties are spread all over the city of Maribor.

Some lectures for students in the Erasmus programme are conducted in English. Some courses are available only in the tutorial system. For more information, please check the Faculty Information Package and/or contact the ERASMUS coordinator at the faculty of your choice:

Slovenia is located in Central Europe touching the Alps, Adriatic sea, Pannonian lowland and Karst (Kras) characterized by subterranean limestone caverns, carved by groundwater.

It is accessible from four border countries: Italy on the west, Croatia on the south and east, Hungary on the northeast and Austria on the north and from a small Adriatic coastline, from which 46,6 km belong to Slovene coast.

Historically, the current territory of Slovenia was part of many different state formations, including Illyrian and Celtic tribe formations, the Roman Empire, first Slovenian state of Carantania, followed by the Holy Roman Empire along with the long rule of major central European royal house, the House of Habsburg. In 1918, the Slovenes exercised self-determination by co-founding the State of Slovenes, Croats, and Serbs, later Kingdom of Serbes, Croats and Slovenes and finally Kingdom of Yugoslavia under the rule of Serbian king Aleksander Karađorđević. During World War Two, Slovenia was occupied and annexed by Germany, Italy and Hungary.

After World War II, Slovenia became a republic of the renewed Yugoslavia, which distanced itself from the rule of Moscow.

In 1991, Slovenia declared independence and full sovereignty. Today, Slovenia is a member of the European Union, the Eurozone, the Schengen area, NATO and OECD.

Slovenia gets most of its rain in the spring (May and June) and autumn (October and November). STUDENT DORMITORIES

Beds for Erasmus students in the student dormitories are limited. For students, who are too late for a bed in one of the student dorms, the Student dormitories can help you to find some private accommodation in Maribor for you. You will be advised to book a temporary accommodation before your arrival, until you find the best place to live during your studies in Maribor.

The rooms in the student dormitories are mostly double, kitchen, bathroom and toilets are shared. There are some dishes in dorms, but if you don't like sharing, you can bring or buy your own. Blankets, pillows and bed-sheets are provided in the student dorms, but you should bring your own towels. You must pay a security deposit before your arrival, which will be refunded upon your departure if there is no damage done to your room. All of the rooms have internet access, but you need a network cable. There are also rooms available for handicapped students and their companions.

PRIVATE ACCOMMODATION

A bit more expensive and comfortable way of staying in Maribor is renting a private room or a flat. We suggest that you check the advertisements when you arrive with the help of a Slovene student - your mentor. You can also check the website www.kamrica.net, where you can find lots of student rooms and apartments. Renting a private room will cost you from 150 - 300 EURO per month plus expenses.

RESIDENCE PERMIT

As a student in Slovenia, you are obliged to obtain a residence permit while your stay here. You need to go to:

**Maribor Municipality
Office for Foreigners**

Partizanska 47, Room 21

***Mestna občina Maribor
Oddelek za tujce***

*Partizanska 47, soba 21

Wednesday: 08:00 – 12:00 and 13:00 - 18:00

Friday: 08:00 – 13:00

The requirements for a residence permit in a Member State for the purpose of studying are provided in Council Directive 93/96/EU of 29th October 1993 on the right of residence for students:

- the applicant must present a valid identity card or passport,
- the student must present proof that he/she is enrolled in a recognized educational establishment (Acceptance Letter),
- the student must be covered by health insurance in respect of all risks in the host Member State (European health insurance card)
- the student must assure that he has sufficient resources during the period of residence (Declaration of Finances for EU citizens).

It is obligatory for students from non EU countries to have a residence permit before coming to Slovenia - it doesn't matter how long they will study here. Students must

apply for a temporary residence permit at a Slovenian embassy, consular or diplomatic mission at home or in the nearest country. You can find addresses and contacts here at <http://www.mzz.gov.si/>

It can take more than 2 months to get a residence permit, so don't forget to apply on time!

4. EATABILITY

NATIONAL FOOD AND DRINKS

Slovenian food is heavily influenced by the cuisine of neighbouring countries. From Austria it's sausage (KLOBASA), strudel (ZAVITEK), and Wiener Schnitzel (DUNAJSKI ZREZEK). From Italy it's risotto (RIŽOTA), potato dumplings (NJOKI) and from Hungary goulash (GOLAŽ), chicken or beef stew (PAPRIKAŠ), and thin pancakes usually filled with jam (PALAČINKE).

Distinctive Slovenian dishes are prepared with ŽGANCI -meal that can be made from buckwheat, barley, or corn. Slovenian bread (KRUH) is generally excellent. Slovenia is friendly to all vegetarians and you can usually find several meatless dishes on any menu.

Slovenian cuisine boasts two excellent desserts, POTICA (a kind of roll with different fillings) and GIBANICA from Prekmurje (a concoction of pastry, filled with poppy seeds, walnuts, apples, and cheese topped with cream).

You can find all sorts of restaurants ranging from fast food to fancy and expensive restaurants. In the city centre, restaurants and inns offer a great variety of cuisine as well as prices. Most of them are open till 22:00, but some serve food until midnight and even late into the morning hours. In Maribor, there are Chinese, Mexican, Indian, and Italian national restaurants and also tourist farm restaurants with their specialty, called “meso iz tunke,” located in the nearby hills.

Also drinking habits have some uniqueness, as we can normally find in every culture, but there are always some common connections with the habits of a wider regional space, so everybody will find something suitable, when feeling thirsty.

Slovenians love to drink coffee, and coffee (*kava*) usually means a tiny cup of strong Turkish coffee. A basic cup of coffee will cost you around €1.00–€1.50. The most popular coffee drink is coffee with milk (*kava z mlekom*) or whipped cream (*kava s smetano*). Coffee culture is wide-spread in Slovenia, and one can see Slovenes with friends sitting in the same café for hours.

Beer (*pivo*) is the number one beverage throughout Slovenia and you can find several national beer producers. The main brands are Laško and Union. A bottle or tankard will cost you between 2 € and 4 € in a pub (*pivnica*). Ask for a large (*veliko*) for 0.5 L or a small (*malo*) for 0.3 L.

As for the wine tradition the production goes back at least to the time of the Roman Empire. Lying on the southern slopes of the Alps and touching the Mediterranean, it enjoys the best of both worlds, as well as climatic uncertainties from both North and South. Nowadays, 38 vine varieties are grown in 14 wine districts. This, blessed with

the natural conditions, provides a very rich diversity of taste, smell and colour of the different wines.

The Goriška brda region produces the best reds and the drier whites (in a more Italian/French style), while the Štajerska region produces the best semi-dry to sweet whites, which cater more to the German/Austrian-type of palate. Other local specialities worth sampling are Teran, a very dry red from the Kras region, and Cviček, a red so dry and light it's almost a rosé.

Brandy known as *žganje* or colloquially *šnops* holds also a strong position in Slovenian culture. You will find it distilled from almost any fruit which contains at least a pinch of sugar. The most known products are *Borovničke* (blueberry liqueur) and *Medica* made from honey.

SUBSIDIZED STUDENT MEALS OR STUDENT COUPONS

Slovenia is the only country in Europe with coupons system. This means that you can eat a nice student meal in certain restaurants in Maribor or anywhere in Slovenia for 2€ on average. The rest of the meal is subsidized by Slovenian Government. Recently the system was digitalized and you have two options for that: you can use your mobile phone (make sure your mobile phone is unlocked) with Slovenian number (you'll be able to buy Slovenian SIM cards from ESN or in mobile operator shops) or you order a special card which costs 15€ and you receive it within 5 working days.

Procedure:

- you get a student card at ŠOUM office in Gosposvetska 83, (check for office hours here: www.esn.si)
- register on the website www.studentska-prehrana.si/Pages/News.aspx. Write down the number at the end of registration,
- to activate your phone or to order the card, go to:
Gosposvetska 86 (near student dorms), for office hours check www.studentska-prehrana.si/Pages/Information.aspx?information=0
- go for a tasty meal in a restaurant :)

At the registration you'll receive an activation number to activate your account on <http://www.studentska-prehrana.si>. You can check how many coupons you have, where you have already eaten, etc. While in restaurant, call 1808 (it is a free number, so it works also if you don't have any credit on your mobile phone) and show your ID. If you order some drink or a meal that exceeds the price of the subsidized meal, you need to pay the price difference. You can eat 2 meals per day with 4 hour interval between meals (if you eat at noon, you can eat again after 4 pm).

You will also find a list of restaurants in the publication called ŠTIL in all places, where you can buy coupons or on the website: <http://www.studentska-prehrana.si/Pages/Di-rectory.aspx>.

MEDICAL FACILITIES

If you become ill and you need medical care you can go to:

STUDENT HEALTH CARE CENTER:

Dispanzer za zdravstveno varstvo študentov

Ob parku 5, 2000 Maribor

Telephone: +386 (0)2 235 66 43

The Student Health Care Centre is around the corner from the dormitory on Tyrševa.

Students from the EU countries need a Health Insurance Card and two photocopies of it. Students from countries outside the EU must bring a document confirming that they have insurance in their home country, along with their passports.

Students from other countries can either arrange their insurance in Slovenia, which costs approximately 110 EUR (per month) or pay for necessary medical treatment. However, we strongly advise obtaining insurance with an insurance company in your home country, which offers arrangements for time spent abroad. Later you may ask for reimbursement of medical expenses in your home country – please check the details at your insurance company.

7. ORGANIZABILITY

STUDENT ASSOCIATIONS

ERASMUS STUDENT NETWORK AT THE UNIVERSITY OF MARIBOR (ESN)

The Erasmus Student Network at the University of Maribor (ESN at UM) is a young ESN section, established in January 2001 at the University of Maribor. We are taking the main role in promotion of the Erasmus program at our University and in activities concerning all the exchange students. ESN Maribor is a team of students, volunteers, who were involved in any kind of exchange program in Europe and know first handed, what makes a great semester abroad. We are here to help students arrange accommodation and to answer your questions by e-mail before your arrival. We offer you ESN card with many discounts in Maribor, Slovenia and Europe. We can also help you with opening of bank account and other bureaucracy.

Shortly after the beginning of each semester we organize Welcome week, in order to welcome new students, to help them arrange the necessary formalities, to integrate into our student life and to get to know our city, culture and habits. Each student is assigned to a Slovene student volunteer, called a mentor/buddy, who can help you at any time.

Beside the Welcome weeks, we organize weekly evening meetings, parties, international dinners, cultural events and sport activities and everything together equals an unforgettable time in Maribor.

The aim of our section is to ensure that everyone studying here has an unforgettable time. We will continue with our work and aim to spread the Erasmus spirit all over Maribor.

You are welcome to visit us, so feel free to contact us. We are there for you!

Feel it . . . Live it . . . LOVE IT!
